

## ESAM FIRST AID COURSE-2019

Due to the success of last years event, and I unfortunately had to disappoint a few members as places are restricted to 18 persons.

I don't have a venue yet, or date as the Pestalozzi Village is being sold, so won't take a booking. Tentatively looking at August/September, as it all depends on Andy Sullivan's diary.

I'm also trying to get some financial support from the IAM RoadSmart team, similar to last year.

We would firstly like to invite all new LO/NO's who have recently completed or are in training to attend. Once I know the shortfall, I will open this up to club members.

This is a recognised First Aid qualification; you will get a certificate on completion. Take your Biker-Down knowledge to another level.

### Biker Emergency Life Support Course

Arriving at the scene of a motorcycle accident is both chaotic, frightening, and for the victims it may be life- or limb-threatening.

BELS will teach you, by hands-on demonstration, practical and classroom sessions, how to best manage the scene while providing life-saving interventions and keeping yourself safe.

Your BELS Course will be delivered by a core team who have accumulated over 100 years of experience in the Emergency Services and believe passionately in quality teaching.

Qualification (Valid for 3 years)

1. Emergency First Aid at Work (FAIB Approved)
2. Biker Emergency Life Support

Assessment:

Qualification for this course is achieved through on-going assessment for the duration of the course.

Duration:

1 Day

9.30 – 17.00

Course Content:

Scene Safety  
First Aid kits  
Basic Life Support (CPR)  
Management of the unconscious patient  
Airway Management  
Crash Helmet Removal

Spinal Injuries  
Head Injuries  
Major & Minor Bleeding
