

## **CORONA VIRUS NOTICE**

Dear All

You will all be aware of the measures being recommended by the Government to try and curtail the worst effects of the Corona Virus outbreak.

ESAM has cancelled all social events, including the AGM in April, the Sunday rideouts and Thursday social meetings, until further notice.

Associates and Observers have been notified separately of the IAM recommendations for observed runs, tests etc. In summary, they are recommending the cessation of observed runs and all tests have been banned until further notice.

Motorcycling by its very nature is fundamentally a solo activity so we are not prevented from going out for a ride – just close social interaction in groups!

If we are all sensible we can help our community minimise the effects of the virus

Keep well everyone

Ken Brooks

Chairman
